

HQ Constructions Pty Ltd

Quality Policy Statement

MPOL01

HQ Constructions Pty Ltd aims to ensure total customer satisfaction by providing our building, construction & refurbishment services in a professional manner with high-quality work and with minimum delays.

This management system covers the following types of work

- Building, Construction & Refurbishment for commercial and industrial projects generally and
- A range of special projects for Government organisations

The Integrated Management System meets the specified requirements of AS/NZS ISO 9001 (Quality Management System – Requirements).

Additionally, the Integrated Management System describes the methods used for identifying Occupational Health and Safety and Environmental risks in the workplace and planning the work methods and procedures to ensure safe performance of all activities for all persons involved with HQ Constructions Pty Ltd operations.

The Company is committed to continually improving the System to ensure its ongoing suitability in meeting the requirements of the clients and the goals and objectives of the organisation.

The company objectives are to provide high quality construction projects which are delivered to clients on time and within budget while meeting occupational health and safety, specification and regulatory requirements. Specific performance targets are set and regularly monitored to ensure that the objectives are met.

This Policy Statement is reviewed annually to ensure its ongoing relevance and suitability.
